

## FQC

**Website:** <http://irishqualityfish.com/index.asp>

**Based in:** Ireland

**Type:** Certifying body; For-profit

**From the IFQC website:** “IFQC can offer Certification Services for the BRC Global Food Standard, BRC Global Packaging Standard, Product Specific Quality Standards, Sustainability Standards, Food Safety Standards, HACCP Standards, Ethical Standards, Eco-Label Standard, Organic Standard, ISO 22000 and ISO 22005 Standard and private retailer standards.”

**Certifying since:** unknown

**What they certify:** IFQC certifies wild fisheries, aquaculture, primary fish processing, and secondary fish processing according to varying standards. The standards are set by organizations that will provide their own type of certification (e.g. organic labeling, sustainable certification, etc.) once IFQC confirms with an inspection and analysis that an operation meets that organization’s standards.

**Miscellaneous information:** IFQC certifies in Europe, North America, Australia, and New Zealand.
